Asana Work Management - Features, Uses & Product

Asana helps you, your teams, and your stakeholders collaborate faster and smoother to achieve business objectives. Does Asana offer a free trial? Read more

AI Overview +7

Asana is **a cloud-based work and project management platform designed to help teams organize, assign, and track tasks in real time**. It replaces long email chains with shared workspaces, visual timelines, and automated workflows to keep projects on schedule. YouTube · MinorCo +5

Core Features

- **Task Tracking:** Break big projects into small steps, assign owners, add due dates, and set priorities.
- **Multiple Views:** Switch between list layouts, kanban boards, calendars, and Gantt-style timelines.
- **Automation Rules:** Build custom triggers and actions to route work and update statuses automatically.
- **Portfolios & Goals:** Monitor high-level progress and connect daily tasks to company-wide targets.
- **Integrations:** Connect with over 100 tools like Slack, Zoom, and Google Drive. Asana +5

If you want, tell me:

- What kind of **team or project** you want to manage
- Whether you need help with **pricing, setup, or specific features**

I can give you a custom guide or recommendations.
